(COMPLETE REVERSE SIDE)

(j) Short explanation of rule, its purpose, and anticipated effects: The proposed rule amends the definition of "established ratio" to reflect the statute which was amended in 1999. There will be no change in Certificate of Need review outcomes, as current practice uses the 40 bed per 1000 ratio which is according to statute, rather than the 45 bed per 1000 ratio, which is currently written in rule. The change will assure that the rules reflect the statute and current practice.
